

HELEN REDDY'S WORLD OF NORFOLK

@ 29° South Pacific

TOUR with

BAUNTI
(Bounty) **ESCAPES**

Helen Reddy is a household name today thanks to songs like "I am Woman" and "Delta Dawn" and her long and amazing career. She lives in Sydney, but visits Los Angeles and Britain regularly and periodically visits her home on Norfolk Island.

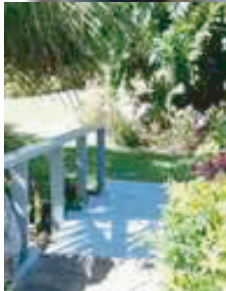

Why Norfolk Island?

Helen has an incredible connection with Norfolk. She has ancestral links to each of the European settlements of Norfolk and her home is on the site of one of these – the first home of Richard Morgan.

THE TOUR.

Learn about Helen's career, stroll through the 'rooms' of her amazing garden, discover the convict history of Helen's property and her connections to Norfolk, and see a working aquaponics garden that is an example of what Helen would like to see in every home.
